

« Owl » folded book pattern

For a book 21.5cm high - The design is on 132 sheets If you have more sheets, let half before and half after. Enjoy !

Remember one leaf is back and front of a page.

Below is the pattern.

Takes book with at least 132 sheets. So 400 page book means, 200 sheets, means 18 blank sheets before design starts and 18 after design finishes.

In that example Page 1 of design starts on book page 36.

Just means try get equal number of blanks before and after design. Not important. Need ruller and pencil.

Top spine of the book marh about an inch from the back across all pages.

Same for bottom. This is as far as you fold a page to.

Always measure down from top of page. E.G. Sheet 1 make a tiny pencil mark at edge of page 9cm down and mark 11.1cm down. Fold page top edge down to 9cm mark then fold bottom up to 11.1. And so on!

Symmetrical design : reaching the half (sheet 66) work backwards.

N° sheet		Upper Mark (cm)	Lower mark (cm)		N° sheet		Upper Mark (cm)	Lower mark (cm)
1	132	9	11,1		24	109	5,9	9
2	131	8,6	11,35		25	108	10,9	16,6
3	130	8,25	12,1		26	107	2,1	3,6
4	129	7,85	12,65		27	106	6,25	9,6
5	128	7,75	13		28	105	1,9	3,35
6	127	7,75	13,25		29	104	6,4	10
7	126	7,85	13,6		30	103	1,75	3,15
